

The 5th International Water Technologies & Environmental Control Exhibition
& the 2nd International Conference

Tel Aviv, Israel, November 17 - 19, 2009

Come visit us at Hall 1, Stand 47

Dear Colleague,

Aqwise is proud to invite you to visit the international WATEC 2009 conference and exhibition taking place in Tel Aviv, Israel on November 17-19, 2009.

The Aqwise stand will be located at **hall 1, stand 47**.

WATEC 2009 will bring together International business executives, political decision makers and leading researchers, to generate a substantive debate and provide insights on the key issues facing the world's water and ecological systems, thus enabling a critical appreciation of the challenges presented by the environment today and in the near and long-range future.

In the framework of the exhibition, Aqwise will present its latest water and wastewater treatment technologies for the Municipal and Industrial markets.

We look forward to seeing you at our stand!

Best Regards,

Elad Frenkel

Chief Executive Officer
