AqWise - Wise Water Technologies Ltd,
Dear Mr. Od Shani,

On behalf of the Parliamentarians and Members of European Friends of Israel, we would like to thank you for taking the time to meet EFI's Delegation to Israel on the 4th July last and explaining us the wonderful and interesting process carried out in the AqWise factory and the Water Technologies.

Rest assured that Members of the Delegation were not only delighted and interested to have visited AqWise but also returned from Israel with a more profound appreciation of the Technologies available in Israel.

So on behalf of all the parliamentary delegation Members, please accept once again our deep thanks.

Yours sincerely,
